TEDDY LUMIDI

Web Developer ● Google Ads & SEO Specialist

Kisumu, Kenya (open to remote, flexible for EU/US hours) | +254 716 358 703 | lumiditeddy@gmail.com
teddylumidi.com | github.com/teddylumidi

PROFESSIONAL SUMMARY

Web developer and digital marketer who builds websites and the paid and organic search that brings them customers. I currently manage Google Ads, SEO, the website and the Facebook page remotely for an established Canadian masonry contractor, and build WordPress and custom JavaScript websites for small businesses through ShivakaLabs. 8+ years of client-facing web and digital marketing work, backed by earlier experience in sales, business development and IT support. Comfortable working independently across time zones and reporting results directly to business owners.

CORE SKILLS

Paid Search: Google Ads (Search and Smart campaigns), campaign restructuring, keyword research, budget and bid management, ad copy, results reporting

SEO & Local: Technical and on-page SEO, Rank Math, titles and meta descriptions, Google Business Profile, local SEO, Google Search Console, Google Analytics

Web Development: HTML, CSS, JavaScript, React.js, Angular.js, Node.js, PHP, Python, WordPress (Elementor), REST APIs, responsive design

Data & Hosting: PostgreSQL, MongoDB, Git/GitHub, Vercel, Netlify, cPanel, domains, DNS, SSL, payment integration (Paystack, M-Pesa)

AI & Automation: LLM APIs, MCP connectors, AI-assisted development, workflow automation

Design & Media: Adobe Photoshop, Premiere Pro, GIMP, Canva, Kdenlive, Filmora, Shotcut, social media content

PROFESSIONAL EXPERIENCE

Digital Marketing & Web Specialist | Donovan Masonry — Current

Remote, for an Ottawa, Canada masonry contractor in business since 1977

- Manage the Google Ads account end to end within a fixed daily budget; restructured it from a Smart campaign to a Search-only campaign for tighter control over keywords and lead quality.
- Run SEO for the WordPress (Elementor) site: consolidated to a single SEO plugin (Rank Math) and rewrote page titles and meta descriptions to suit a high-end residential audience.
- Target local search terms including “Ottawa masonry” and “chimney repair Ottawa”; keep the Google Business Profile accurate (hours, services, address).
- Maintain and update the website (homepage, services, contact, testimonials and about pages), publish blog content and manage the company Facebook page.
- Report campaign results to the owner at the end of each ad period and work directly with him across a 7–8 hour time difference.

Full-Stack Web Developer & Digital Marketer | ShivakaLabs — May 2022 – Present

Kenya

- Design, build and maintain websites for small businesses and professional firms, offered as fixed-price packages, including Remax Safaris (tourism) and Wahito Musonge Advocates (law firm).
- Build the ShivakaLabs service platform with online payments (Paystack: M-Pesa and card), a Vercel serverless backend and AI-generated document services.
- Handle hosting, domains, DNS, SSL, client handover and credential backup so clients keep full control of their sites.
- Manage code and deployments through GitHub, with AI-assisted development to deliver faster without sacrificing maintainability.

Director | Olulabs Technologies — May 2018 – May 2022

Kenya

- Led the company's web development and digital marketing work, from client scoping through design, build and launch.
- Managed client relationships, project delivery and online marketing for client businesses.

Business Development Manager | **Rich Science World Limited** 2016

- Built relationships with internal and external stakeholders, retained existing customers and grew the new customer base.
- Reviewed customer feedback and reported emerging issues promptly to management.

Sales Manager | **Rich Science World Limited** 2013 – 2014

- Designed and implemented a strategic sales plan that expanded the company's customer base and market presence.

ICT Intern | **National Hospital Insurance Fund (NHIF), Kisumu** Jan 2011 – Mar 2011

- Installed and configured ICT hardware and software, troubleshot network issues and monitored system updates.

SELECTED WEBSITES

- **donovanmasonry.com** – WordPress site, SEO and Google Ads for a Canadian masonry contractor
- **wahitomusongeadvocates.co.ke** – website for a Kenyan law firm
- **Remax Safaris** – website for a safari and tour company
- **ShivakaLabs** – business services website with integrated online payments

EDUCATION

Diploma in Information Technology | The Kisumu National Polytechnic 2011 – 2013
